

Scientific and technical advancements in biological sciences are rapidly expanding therefore, to maintain communications and exchange of information among biologists, the University of Duhok will held its 3<sup>rd</sup>. Kurdistan Conference on Biological Sciences during May, 2010. The city of Duhok will be honored to have distinguished scientists from all our t world Region.

The Conference will be held at the Cultural Centre Complex of the University of Duhok which is situated on the foremost part of the main University Campus.

This modern Center is well equipped with audiovisual aids distributed over four major Conference Halls.

The Center is provided with a coffee shop, restaurant and sport Club.

### Conference Topics

*Molecular Biology*

*Environmental Biology*

*Plant Sciences*

*Animal Sciences*

*Microbiology*

*Biomedical Sciences*

### Program

The Conference will be held for three successive days. Following the Registration and opening ceremonies, an editorial lecture will be given by a distinguished speaker to cover a vital topic on biology. The Conference, then, will be parted into four concurrent sessions covering different topics. Two Roundtable discussion sessions on hot issues will also be held to stimulate new ideas and approaches for such issues. Some social and folkloric activities will be displayed during evenings

As requested, an excursion trip will cover sightseeing tours on the mountain resorts.
